180 g

Calibre G

Indeterminate tomato variety, type marmande. Shiny green fruit, by ripening time it grows shiny red. It has typically ribbed shape, broad green collar and it is characterized by typical superior mediterranean taste. It possesses impressive long shelf life. It weights around 180 gr. (0,36 pounds). Plant very rustic with medium stamina, it has short and regular internodes. Resistant to low temperatures of winter in cold greenhouse.
