5 x 8 cm

Indeterminate Roma tomato variety (romana allungata) with linked fruits, which suits best of single fruit harvesting. The fruit weights 110-120 gr. (0,24-0,26 pounds) and possesses long shelf life (LSL) even in the red ripening. The fruits taste great. Paride F1 plant is rustic, covering and with good stamina. It have also short internodes and it is highly productive.
